

FROM THE PRINCIPAL

Dear Parents and Community Members,

In the 2014-2015 school-year Sunridge Middle School students continued to demonstrate growth in both academic and social/emotional areas. School designations and levels were unavailable this year as annual testing changed from the OAKS assessment to the Smarter Balanced Assessment. Students at Sunridge taking the Smarter Balanced Assessment (SBAC) produced scores similar to students in middle level grades across the state of Oregon. The data we receive from both the Smarter Balanced Assessment and locally generated classroom assessments help our teachers make informed decisions regarding instruction for both large student groups and individual student needs. Sunridge students needing additional help in core subject areas have intervention classes strategically added to their daily schedule. Intervention classes focus on providing students with additional

practice, increased access to curriculum and individual assistance from a teacher. Additionally, Sunridge has created a number of plus or advanced classes aimed at challenging high-performing students in certain subjects. We encourage parental involvement by volunteering, attending open house, conferences, checking student grades online or communicating with staff regularly. We look forward to another great year at Sunridge!

Thank you,
Principal | David Williams

OVERALL SCHOOL RATING HOW ARE STUDENTS AT THIS SCHOOL PERFORMING COMPARED TO THOSE AT OTHER SCHOOLS?

The overall school rating is intended to summarize this school's particular successes and challenges. It is based on a combination of up to five factors. Three of these factors come from standardized test scores in reading and math: student achievement, student growth, and the growth of underserved subgroups. Please note that this rating is based mainly on high-stakes testing and, accordingly, doesn't represent a complete view of your school's performance. Other aspects of this report card are designed to put this rating in the proper context.

The U. S. Department of Education has given the State of Oregon approval to temporarily suspend the assignment of school ratings during the transition from the Oregon Assessment of Knowledge and Skills (OAKS) to the new college and career readiness assessments. Schools will not receive an overall school rating on this report card and will receive a new overall school rating on the 2015-16 school report cards.

SCHOOL PERFORMANCE

Performance of students enrolled in the school for a full academic year

Did at least 95% of the students at this school take required assessments? Yes No, Interpret Results with Caution
Participation rate criteria are in place to ensure schools test all eligible students.

The Smarter Balanced and alternate assessments have four performance levels where levels 3 and 4 are meeting the standard for school and district accountability.
