Dear Parent:

The Oregon Tax Code provides an additional tax exemption for parents of eligible children with disabilities in Oregon. The procedure for claiming an exemption for the **2017 tax year** is explained in the Oregon Individual Income Tax Return and Instruction booklets.

A child qualifies if he or she meets **all** of the following criteria:

- Qualifies as your dependent for tax year 2017;
- Is eligible for early intervention services, early childhood special education services or receives special education as defined by the State Board of Education of the state where the child attends school; **and**
- Is considered to have a disability as of December 31, 2017 under the federal Individuals with Disabilities Education Act (IDEA) and related Oregon laws.

Eligible disability categories include: Autism Spectrum Disorder (82); Communication Disorder (50); Hearing Impairment (20); Serious Emotional Disturbance (60); Deafblindness (43); Vision Impairment (40); Other Health Impairment (80); Traumatic Brain Injury (74); Orthopedic Impairment (70); Intellectual Disability (10); and Specific Learning Disability (90).

What documentation must be submitted with your tax return to qualify for this exemption?

The tax instruction booklet explains that your child must have an Individualized Education Program (IEP) or an Individualized Family Service Plan (IFSP) and an eligibility statement for one of the qualifying disabilities listed above. A copy of the IEP or IFSP coversheet and a copy of the student's eligibility statement may be obtained from the school district. The coversheet and copy of the eligibility statement should be kept with the child's permanent health and education records, as maintained by the family – they DO NOT need to be submitted with your tax return. Parents are advised to store an additional copy with their 2016 tax records.
