Such service includes, but is not limited to, the monitoring of assigned employee performance, work planning and recommending persons for hire, retention or dismissal.

**PURPOSE OF EVALUATION**

It is the expressed desire of the Pendleton School District to maintain an orderly and efficient process by which our classified staff is evaluated. The district believes strongly that the evaluations derived are only as accurate and thorough as the communication cycle between the evaluator and persons being evaluated. Therefore, the practice of objective evaluation referencing the employee’s job description and standards of performance is necessary to fulfill the purpose.

District policy requires that each classified employee be evaluated. The evaluation of a classified person will enable the employee and the district to determine the employee’s improved growth in the assigned classification and to evaluate the performance of job responsibilities. The responsibility for evaluation resides with the district’s supervisors and administrators.

The purpose and goal of all parties involved in employee evaluation is the improvement of performance.

**Evaluation Cycle**

**Self Reflection**

All regular para-educators and clerical employees will complete a self-reflection at the beginning of each school year prior to meeting with their supervisor to discuss their goals and the evaluation process.

**Evaluation Meeting**

Administrator or supervisor will meet with each classified employee to discuss performance, set goals if needed, and review the evaluation process. **For continuing employees, evaluation meeting should occur by October 1st of each year.** Probationary employees will not be required to set goals during their probationary period but will meet with the administrator or supervisor to discuss evaluation within the first 30 days of employment.

**Observations and Data Collection**

The results of formal observations, informal observations/drop-in visits and information provided by any immediate supervisor may be documented and included in the evaluation. **Any documents or observations that are to be part of the summative evaluation should be shared with the employee at the time they are created.**
Probationary employees are to be formally observed three (3) times within their probationary period (six (6) months). These observations should be completed by the end of the fifth month. For employees who do not work twelve (12) months, the probationary period can carry over to the next school year.

**Summative Evaluation**
The administrator or supervisor will conduct an evaluation meeting with the employee to discuss the summary of the employee’s performance during the evaluation period. The evaluation is signed with copies provided to the employee, the supervisor and the employee’s personnel file. Evaluations may occur as often in a given year as deemed necessary by the administrator or supervisor.

**Plan of Assistance for Improvement**
In the case where an employee’s overall performance is deemed unsatisfactory, a Plan of Assistance for Improvement (PAI) shall be written in coordination with the administrator, the employee and, if desired, the employee’s representative.
