

## October 18-20, 2020 (Kendall) Radio Spot

Hello. My name is Kendall Moore and I am a junior at Pendleton High School. I'm involved in my leadership class. I've been a class officer for the last two years and I'm involved in Astra. I've always been a proud supporter of my bucks and love finding ways to help out in my community. In Astra, we've done school supply drives, shopped for families affected by the flood, and helped at other community events. Outside of school, I enjoy having whiffle ball nights with my friends, going to work and playing tennis. I look forward to getting back and supporting my bucks in person.

Go Bucks!
