

April 2021 (Kinley) Radio Spot

Hi. My name is Kinley McAnally, and I am a junior at Pendleton High School. I am involved in Pendleton Young Life, and this year I am serving as the FFA chapter president for the year 2020-2021. One of my favorite classes at the high school is vet science taught by Mr. Campbell, where we learn the importance of how to properly care for animals. After high school, I plan to attend Colorado State University or Texas Tech University to major in Ag Business. I am so glad to be back in in-person learning. Go Bucks!
