Special Note

The At-A-Glance School and District profiles tell a story about Oregon's schools and districts. The story is harder to tell this year as the COVID-19 pandemic significantly impacted our schools and the data we collect. As a result, statewide assessment and attendance data cannot be compared to prior years and are not shown here. We have included links to our website where you can view the 2020-21 statewide assessment and attendance data and read a detailed description of how these data were impacted. We're thankful for your partnership as we focus on care, connection and the creation of safe, inclusive and supportive learning environments.

School Goals

Pendleton High School is focusing on instructional excellence, being responsive to the needs of all students, and the implementation of innovative programs and practices that keep students engaged at school. We want all of our students to graduate with a relevant and realistic plan for their life after high school.

State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2025. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

Pendleton High School strives to create a safe, caring, and respectful school environment where all students feel they belong and can succeed. We have a school-based health clinic, child care for our parenting teens, and a variety of agencies that provide a range of services for our students.
