Best way/time to contact: \_\_\_\_\_

**Here's how I'd like to participate:** *(Choose all that apply)*

**Mentorship** - Offer your expertise, support, and advice to a student who is interested in your field in a scheduled face-to-face meeting.

*(Optional)* More information about when I'm available for a mentorship: \_\_\_\_\_

**Job Shadow** - Provide students with a look at a "day in the life" of professionals employed by your company or organization.

**Work Experience** - Host a student for a short term experience (approximately 3-5 hours) that gives a taste of the profession and involves some hands-on assignments.

**Internship** - Engage a student in a longer term, in-depth placement that involves a more formal job description.

*(Optional)* More information about the learning experience I'd like to create : \_\_\_\_\_

**Service Learning Project** - Involve students in a project that builds transferable skills while also filling a need in our community.

*(Optional)* More information about the project I have in mind: \_\_\_\_\_

**Work Site Tours** - Offer a group of students a close-up look at the inner workings of your business or organization.

**Classroom Speaker/Guest Instructor** - Bring a lesson, demonstration, or activity to school and share your expertise with students in a classroom setting.

*(Optional)* More information about what I can offer in the classroom \_\_\_\_\_

I would be willing to create a learning experience for a student with a barrier to employment with support from the Coordinator and school staff.
