

Does your student qualify?

If your student, yourself, or a grandparent is an enrolled member of a Federally Recognized Tribe or Band or if your student is a descendant of a parent or grandparent who meets these requirements, your student qualifies.

A 506 form needs to be completely filled out and returned to your respective Indian Education Coordinator. If you need a form, please feel free to reach out to any of the Title IV employees listed in this brochure.

Special Education Services

Katherine Palmer: 541-215-5453

The Title VI Youth Services Program was created to ensure that our Native American and Alaskan Native Students are presented with not only the same opportunities but the same level of opportunity to success in the surrounding public school districts as all other students attending school. Title VI is part of the Civil Rights Act of 1964 which "protects people from discrimination based on race, national origin, or color, in educational programs or activities".

Our Indian Education Coordinators strive to provide our Tribal students with the support they need to succeed in school. That may be tutoring, emotional or social support, advocacy, wraparound services, or special education advocacy. We try our best to be available to help our families foster a safe and secure world for our students to learn in.

Helping students create positive relationships with classmates, assisting with formulating goals, encouraging and guiding the success of those goals, and fostering future community mentors and leaders for the next generations.
