INDEPENDENT AUDITOR'S REPORT

To the Board of Education and Management
Pendleton School District #16R
107 NW 10th Street
Pendleton, Oregon 97801

Opinions

We have audited the accompanying modified cash basis financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Pendleton School District #16R (the District), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position—modified cash basis of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Pendleton School District #16R as of June 30, 2022, and the respective changes in financial position—modified cash basis and the related budgetary comparison for the General Fund, thereof for the fiscal year then ended in accordance with the basis of accounting described in Note 1.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions. The financial statements of Nixyáawii Community School, a discretely presented component unit of the District, were not audited in accordance with *Government Auditing Standards*.

Emphasis of Matter-Basis of Accounting

We draw attention to Note 1D of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with modified cash basis of accounting described in Note 1, and for determining that the modified cash basis of accounting is an acceptable basis for preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The management's discussion and analysis, combining nonmajor fund financial statements, budgetary comparison schedules, and other financial schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor fund financial statements, budgetary comparison schedules, other financial schedules, and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Reports on Other Legal and Regulatory Requirements

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2022, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Other Reporting Required by Oregon Minimum Standards

In accordance with *Minimum Standards for Audits of Oregon Municipal Corporations*, we have also issued our report dated November 30, 2022 on our consideration of the District's compliance with the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules OAR 162-10-000 to 162-10-320. The purpose of that report is to describe the scope of our testing of compliance and the results of that testing and not to provide an opinion on compliance.

PENDLETON SCHOOL DISTRICT 16R
MANAGEMENT'S DISCUSSION AND ANALYSIS
Fiscal Year Ended June 30, 2022

As management of Pendleton School District 16R (the District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2022. We encourage readers to consider the information presented here in conjunction with additional information we have furnished in the District's financial statements, which follow this narrative. The discussion focuses on the District's primary government and, unless otherwise noted, component units reported separately from the primary government are not included.

FINANCIAL HIGHLIGHTS

The financial statements are prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United State of America. This basis of accounting recognizes assets, liabilities, net position/fund equity, revenues and expenditures resulting from cash transactions with the following modifications: property and equipment purchased for cash is capitalized in the Statement of Net Positions and depreciation expenditures are recorded as an allocated expenditure in the Statement of Activities; and long-term debt obligations of the District are recorded as a liability in the Statement of Net Positions and annual payments of principal on these obligations reduces the liability.

- The assets of the District exceed its liabilities at the close of the fiscal year by \$11.7 million.
- The District's total net position increased by \$4.1 million.
- The District's General Fund Net Position is impacted by the issuance in the 2002-2003 fiscal year of two Limited Tax Pension Bonds to pay the District's Unfunded Actuarial Liability (UAL) for pension obligations in PERS (Public Employee Retirement System). The debt incurred was \$25.6 million, which reduces the net position by that amount. The net position is reduced because the UAL is not considered debt although it is an obligation of the District to pay the UAL of its retirees.
- This method of incurring debt obligations to pay the PERS Unfunded Actuarial Liability obligation results in the District reporting a Total Unrestricted Deficit of \$5.2 million due to the PERS bond obligation of \$14.7 million. The District's Net Position was reduced once this debt was issued and recognized in its Government-Wide Statement of Net Position. If the bonds had not been issued the District would report an Unrestricted Net Position of \$9.5 million at June 30, 2022.
- As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balance of \$12.7 million, an increase of \$3 million from the previous year.
- At the end of the current fiscal year, the unassigned fund balance for the General Fund was \$5.3 million, or 15% of total general fund expenditures for the year.
- The District's total debt obligations decreased by \$3 million during the current fiscal year.

MANAGEMENT'S DISCUSSION AND ANALYSIS
Fiscal Year Ended June 30, 2022

OVERVIEW OF THE FINANCIAL STATEMENTS

This management discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements consist of three components: 1) District-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. The basic financial statements present two different views of the District through the use of District-wide statements and fund financial statements. In addition to the basic financial statements, this report also contains supplementary information that will enhance the reader's understanding of the financial condition of the District.

The first two statements (Exhibits 1 and 2) in the basic financial statements are the District-wide Financial Statements. They provide both short and long-term information about the District's financial status. The next statements (Exhibits 3 through 6) are Fund Financial Statements. These statements focus on the activities of the individual parts of the District. These statements provide more detail than the District-wide statements. There are two parts to the Fund Financial Statements: the governmental funds statements and the budgetary comparison statements.

The next section of the basic financial statements is the notes. The notes to the financial statements explain in detail some of the data contained in those statements. In addition to the basic financial statements and accompanying notes, supplementary information is provided to show details about the District's individual funds. Budgetary information required by the Oregon Revised Statutes also can be found in this part of the statements.

DISTRICT-WIDE FINANCIAL STATEMENTS. The District-wide financial statements are designed to provide readers with a broad overview of the District's finances, similar in format to financial statements of a private-sector business. The District-wide statements provide short and long-term information about the District's financial status as a whole. These statements include:

- **The Statement of Net Position.** The Statement of Net Position presents information on all of the assets and liabilities of the District at year-end. Net position is what remains after the liabilities have been paid or otherwise satisfied. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. The Statement of Net Position reflects the classification of restricted net position as clarified by the implementation of GASB 54 (Fund Balance Reporting and Governmental Fund Type Definitions).
- **The Statement of Activities.** The Statement of Activities presents information showing how the net position of the District changed over the year by tracking revenues, expenditures and other transactions that increase or decrease net position. All changes in net position are reported as soon as the underlying event giving rise to the change occurs.

The District's financial reporting includes the funds of the District (primary government) and an organization which must be included as component unit. The component unit, Nixyáawii Community School, is a Charter School governed by its own Board of Education and operates independently for services provided to its students except for Special Education services which are contracted with the District. Thus, this Charter School is reported as a discretely presented component unit of the District, separate from the primary government, though included in the District's overall reporting entity.

The District-wide financial statements can be found on pages 13-14 of this report.

PENDLETON SCHOOL DISTRICT 16R
MANAGEMENT'S DISCUSSION AND ANALYSIS
Fiscal Year Ended June 30, 2022

FUND FINANCIAL STATEMENTS. The Fund Financial Statements provide a more detailed look at the District's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other governmental entities in the State of Oregon, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the Oregon Revised Statutes.

Governmental Funds. The governmental funds are used to account for those functions reported as governmental activities in the District-wide financial statements. All of the District's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next fiscal year. Governmental funds are reported using an accounting method called *cash accounting* which provides a short-term spending focus. As a result, the governmental fund financial statements give the readers a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the District's programs. The relationship between government activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is part of the Fund Financial Statements.

The District adopts an annual budget for its funds, as required by the Oregon Revised Statutes. The budget is a legally adopted document that incorporates input from the citizens of the District, the management of the District, and the School Board about which services to provide and how to pay for them. It also authorizes the District to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the District complied with Oregon Local Budget Law and whether or not the District succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the Statement of Revenues, Expenditures, and Changes in Fund Balances. The statement shows four columns: 1) the original budget as adopted by the School Board; 2) the final budget as amended by the School Board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges

The District maintains thirty-eight individual governmental funds. Information is presented separately in the Governmental Fund Balance Sheet and Revenues, Expenditures and Changes in Fund Balances – Cash Basis for the General Fund which is considered a “major” fund under the GASB 34 “major” fund focus. The other thirty-seven governmental funds are reported separately in the Governmental Funds Financial Statements under the heading “Nonmajor Governmental Funds.” Individual fund financial data for each of the nonmajor governmental funds is provided as Supplementary Information.

The governmental fund financial statements can be found on pages 15 through 19 of this report.

Proprietary Funds. The District does not have a proprietary fund for the 2021-2022 fiscal year.

Fiduciary Funds. The District does not have a fiduciary fund for the 2021-2022 fiscal year.

NOTES TO THE BASIC FINANCIAL STATEMENTS. The notes provide additional information that is essential to a full understanding of the data provided in the District-wide and Fund Financial Statements. The notes to the financial statements can be found on pages 20-43 of this report.

SUPPLEMENTARY INFORMATION. The combining nonmajor fund financial statements referred to earlier in connection with non-major governmental funds are presented as Supplementary Information on pages 44-51 of this report.

Additional Supplementary Information on pages 52-90 reflects budgetary comparison schedules, individually, of all District Non-Major Funds for the fiscal year ending June 30, 2022.

DISTRICT-WIDE FINANCIAL ANALYSIS CONTINUED

As noted earlier, net position may serve over time as one useful indicator of a District's financial condition. The assets exceeded liabilities by \$11.7 million as of June 30, 2022. The District's net position increased by \$4.1 million for the fiscal year ended June 30, 2022. Of the total net assets, \$13.7 million reflect the District's investment in capital assets (e.g. land, Construction in Progress, District buildings, furniture and equipment), less any related debt still outstanding that was issued to acquire those items. The District uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities.

DISTRICT-WIDE FINANCIAL ANALYSIS CONTINUED

An additional portion of the District's net position, \$3.2 million, represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$(5.2 million) is unrestricted

Governmental Activities – Governmental activities increased the District's net position by \$4.1 million, thereby accounting for 100% of the total increase in the net position of the District.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the District's Governmental Funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the District's financing requirements. Specifically, unassigned fund balance can be a useful measure of a government's net resources available for spending at the end of a fiscal year.

At June 30, 2022, the District's governmental funds reported combined ending fund balances of \$12.7 million, an increase of \$3 million in comparison with the prior year.

The General Fund, which is the chief operating fund of the District and is always considered a major fund, had a fund balance of \$10.3 million which is an increase of \$2 million. This increase is related to the combination of an increase in intergovernmental revenue and the financial impact from the COVID-19 pandemic. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$5.3 million. As a measure of the fund's liquidity, it may be useful to compare total fund balance to total fund expenditures. The fund balance represents 29 percent of total General Fund expenditures.

Other Non-Major Government Funds, which represent a summarization of all the other governmental funds, ended the year with total fund balance of \$2.4 million, an increase of \$1 million.

GENERAL FUND BUDGETARY HIGHLIGHTS

The PSD Board adopted a budget for the fiscal year ending June 30, 2022 based on state biennial funding of \$9.3 billion. With this level of funding the district was able to maintain a status quo budget from the prior fiscal year. Pendleton SD also benefited from the passage of House Bill 3427 Student Success Act. This bill contains an additional investment in K-12 and early childhood education through a new tax package. The approved tax package resulted in \$2.2 million in additional revenue which was used to support student social-emotional health, well-rounded educational opportunities, smaller class sizes and increased learning time. During the 2021-22 school year the District also received comprehensive distance learning and Elementary and Secondary School Emergency Relief (ESSER) Funds, that were provided through the Federal Coronavirus Aid, Relief and Economic Security (CARES) Act. These funds continued to provide relief to the district for COVID related expenditures and to address learning loss among students in all subgroups. With these funds, we were able to increase our full-time licensed staff by nine, focusing on reducing class size at the elementary level and providing reading and math interventions K-12.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

As shown in the table below, at June 30, 2022, the District had \$63.2 million invested in a broad range of capital assets including land, construction in progress, buildings, furniture and equipment. This amount reflects a net decrease of \$1.6 million from last year. Increase in capital additions were offset by regular depreciation expense. See Note 5 of the Notes to the Financial Statements for more information on capital assets.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The most significant financial factor for the District continues to be the instability of the State of Oregon's State School Fund and looming PERS increases. In May 2015, the Oregon Supreme overturned portions of SB 822, which provided PERS savings for district through June 2017. This decision, now referred to as the Moro Decision, resulted in substantial PERS increases during the 2017-2019 biennium. PERS rate increases are based on the rate of return for the entire PERS system. The 2021-2023 PERS rate for the District will be 3.3 percent for Tier 1/Tier 2 employees and .19 percent for OPSRP employees. This slight reduction in the District rate is in part due to 2019 Legislative changes as well as an increase in investment rates in prior years.

The District continues to benefit from issuing PERS Bonds. Combined payments to PERS and the bonds for 2021-2022 resulted in an effective rate of 17.39%. Without issuing the bonds the rate would have been 25.24%. The result is a savings to the district of approximately \$1.5 million for the fiscal year.

The District adopted a budget for 2022-2023 school year that was reflective of a State biennial budget of \$9.3 billion. In addition, the district is again expected to receive full funding for the Student Investment Account (SIA). The intent of the SIA funding is to provide additional resources to help meet the mental and behavioral needs of students and address the achievement gap of historically underrepresented student groups. The general fund budget also reflected \$3.2 million in federal stimulus funds allocated to the district the Federal American Rescue Plan (ARP) approved in March 2021. These dollars continue to provide financial relief to the district for COVID related expenditures and to address learning loss among students in all subgroups. With these funds we were able to increase our licensed FTE by 9.0, focusing on reducing class size at the elementary level and providing reading and math interventions K-12. The District's proposed budget allows for the continuation of services to students that will help us move forward with our Strategic Plan and SIA goals.

School Board policy mandates that the District budget a General Fund ending fund balance that is a minimum of 4% of its General Fund actual expenditures. The ending fund balance for 2021-2022 fiscal year is 29%.

Notes to the Financial Statements
June 30, 2022

Note 1 – Summary of Significant Accounting Policies

The accounting policies of Pendleton School District #16R (the District), have been established in conformity with the modified cash basis of accounting, as discussed in Note 1D below, which is a basis of accounting other than accounting principles generally accepted in the United States of America (U.S. GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing U.S. GAAP for state and local governments through its pronouncements (Statements and Interpretations). These modified cash basis financial statements generally meet the presentation and disclosure requirements applicable to U.S. GAAP, in substance, but are limited to the elements presented in the financial statements and the constraints of the measurements and recognition criteria of the modified cash basis of accounting. The following is a summary of the most significant accounting policies:

A. Reporting Entity

School districts in the State of Oregon are created by legislative action. Pendleton School District #16R, Umatilla County, Oregon, operates under a School Board-Superintendent form of government and provides education for grades K-12. The District consists of six separate school sites with financial information from the sites consolidated into one financial report.

A seven-member board exercises governance responsibilities over all activities related to public elementary and secondary school education within the jurisdiction set by the State of Oregon. The board receives funding from local, state, and federal government sources and must comply with the requirements of these funding source entities. Board members are elected by the public and have decision-making authority, the power to designate management, the responsibility to significantly influence operations and primary accountability for fiscal matters. As required by the modified cash basis of accounting, all significant activities and organizations have been included in the basic financial statements. Component units, as established by GASB Statement No. 61, are separate organizations that would be included in the District's reporting entity because of the significance of their operational or financial relationships with the District. Based on these criteria, there is one component unit.

Discretely Presented Component Unit

Oregon State Statute Chapter 338 authorized the establishment of Charter Schools as part of the State's education program. Charter Schools are public schools operating under a performance contract with the local school district and are financially dependent on the District for a majority of their funding. Revenues such as the Oregon State School Fund and other State and Federal revenue sources are received by the District on behalf of the Charter School and then remitted to them. As such, Charter Schools are funded on the same basis and are subject to the same financial reporting requirements as the District. Additionally, all students enrolled in Charter Schools are included in the District's total enrollment. At fiscal year-end, there was one Charter School operating within Pendleton School District #16R meeting the criteria for presentation as a discretely presented component unit: Nixyáawii Community School. Complete financial statements of Nixyáawii Community School can be obtained at the InterMountain Education Service District's Business Office at 2001 SW Nye, Pendleton, Oregon, 97801.

Since the District is independent of and is not financially accountable for other governmental units or civic entities, these financial statements represent the operations of the District as well as all of the funds of the District as a governmental unit.

B. Basic Financial Statements – District-Wide Statements

The Statement of Net Position and the Statement of Activities report information on all of the nonfiduciary activities of the primary government and are reported on a modified cash, economic resource basis, which recognizes all long-term assets as well as long-term debt.

The Statement of Net Position presents the financial condition of the governmental activities of the District at year-end. The Statement of Activities demonstrates the degree to which the direct expenditures of a given function or segment are offset by program revenues. Direct expenditures are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contribution that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

This District-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

C. Basic Financial Statements – Fund Financial Statements

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues and expenditures.

The emphasis in fund financial statements is on the major funds. Nonmajor funds by category are summarized into a single column. GASB Statement No. 34 sets forth minimum criteria (percentage of the assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenues or expenditures of either fund category or the governmental combined) for the determination of major funds. The nonmajor funds are combined in a column in the fund financial statements.

The funds of the financial reporting entity are described below:

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The District reports these major governmental funds and fund types:

General Fund

The General Fund is the primary operating fund of the District and always classified as a major fund. It accounts for all financial resources of the District except those required to be accounted for in another fund. The primary revenue sources are taxes and state aid.

Governmental Funds (Continued)

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for certain purposes. The District has thirty-six special revenue funds.

Debt Service Funds

Debt service funds account for the accumulation of financial resources for the payment of interest and principal on the general long-term debt of the District. Ad valorem taxes are used for the payment of principal and interest on the District’s outstanding general obligation bonds. The District has three debt service funds.

The activities reported in these funds are reported as governmental activities in the District-wide financial statements

Major and Nonmajor Funds

The funds are further classified as major or nonmajor as follows:

<u>Major Fund</u>	<u>Brief Description</u>
General Fund	As discussed above, the general fund will always be classified as major.

The remainder of the District’s funds are classified as nonmajor funds.

D. Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

Measurement Focus

In the District-wide Statement of Net Position and the Statement of Activities, governmental activities are presented using the economic resources measurement focus, within the limitations of the modified cash basis of accounting, as defined below. In the fund financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus, as applied to the modified cash basis of accounting, is used as appropriate:

All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

Basis of Accounting

In the District-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the modified cash basis of accounting, which is a basis of accounting other than U.S. GAAP as established by GASB. This basis of accounting recognizes assets, liabilities, net position/fund equity, revenues, and expenditures resulting from cash transactions, with the following modifications:

- Property and equipment purchased for cash is capitalized in the Statement of Net Position and depreciation expenditure is recorded as an allocated expenditure in the Statement of Activities.
- Long-term debt obligations of the District are recorded as a liability in the Statement of Net Position and annual payments of principal on these obligations reduces the liability.

As a result of the use of this basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue billed for or provided services not yet collected) and certain liabilities and their related expenditures (such as accounts payable and expenditures for goods and services received but not yet paid, and accrued expenditures and liabilities) are not recorded in these financial statements. In addition, other economic assets, deferred outflows, liabilities, and deferred inflows that do not arise from a cash transaction or event are not reported, and the measurement of reported assets and liabilities does not involve adjustment to fair value.

If the District utilized the financial reporting framework recognized as U.S. GAAP, the fund financial statements for governmental funds would use the modified accrual basis of accounting. All District-wide financials would be presented on the accrual basis of accounting.

E. Financial Statement Amounts

Cash, Cash Equivalents, and Investments

For the purpose of the Statement of Net Position and the Balance Sheets, the District’s “cash and cash equivalents” includes all cash on hand, demand deposits, and short-term investments with an original maturity of three months or less from the date of acquisition. All short-term cash surpluses are maintained in a cash and investment pool and allocated to each fund based on month end deposit and investment balances. Short-term investments are reported at cost which approximates fair value. Cash deposits are reported at carrying amount, which reasonably estimates fair value.

The District maintains a cash and investment pool that is available for use by all funds. In general, interest earning from pooled cash investments is allocated to each fund based on average earnings rate and average cash balance held by each fund.

State statutes authorize the District to invest primarily in general obligations of the U.S. Government and its agencies, certain bonded obligations of Oregon municipalities, bank repurchase agreements, bankers’ acceptances, high-grade commercial paper, and the State Treasurer’s Local Government Investment Pool.

Property Taxes

The District is responsible for levying property taxes, but the taxes are collected by the County. Taxes are levied on September 1 based on assessed values at July 1. Property tax payments are due in three installments—November 15, February 15, and May 15. Taxes are considered delinquent 60 days after their due date and become a lien on the property at that time.

Interfund Activity

The District maintains a cash pool that is available for use by all funds. The cash pool account is maintained in the General Fund, while activity between funds utilizing this cash account is referred to as “Due To / From Other Funds” in each fund at the end of each fiscal year in the fund financial statements. All interfund loan balances are considered current and are eliminated in the District-wide financial statements.

Inventories

Supplies inventory is valued at cost using first-in, first-out (FIFO) method. Supplies inventory is not accrued, since the modified cash basis of accounting is used. Donated commodities consumed during the year are reported as revenues and expenditures. The amount of unused supplies inventory and donated commodities at balance sheet date is considered immaterial by management for reporting purposes.

E. Financial Statement Amounts (Continued)

Capital Assets

Capital assets are stated at cost or estimated historical cost. Donated assets are stated at their estimated fair market value on the date donated. Capital assets are defined as assets with an initial cost of more than \$5,000 and estimated life in excess of one year. Interest incurred during construction is not capitalized. Maintenance and repairs of a routine nature are charged to expenditures as incurred and not capitalized. Capital assets are depreciated using the straight-line method over the following useful lives:

<u>Asset</u>	<u>Years</u>
District Buildings and Improvements	50
Equipment and Vehicles	3-20

Deferred Outflows / Inflows of Resources

In addition to assets, the Balance Sheet and Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expenditure) until then. The District has one deferred outflow item, deferred charges on refunding. During the 2019-20 fiscal year the District had an advance refunding of approximately 96% of the outstanding 2014A general obligation bonds. This advance refunding required the District to place funds in escrow in an amount in excess of the carrying balance of the bonds that were deferred and issuance premium related to those bonds. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the Balance Sheet and Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District only has one item that qualifies for reporting in this category. It is the deferred premium on refunding reported in the District-wide Statement of Net Position and Governmental Funds Balance Sheet. A deferred premium on refunding results from the difference in the premiums received over the par amounts of the bonds issued. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. This amount is deferred and recognized as an inflow of resources in the period that the amount becomes available.

Compensated Absences

Compensated absences are not accrued, since the modified cash basis of accounting is used. Vacation time is awarded annually based on years of employment. The maximum accumulation of vacation time is 320 hours. Unpaid vacation time is fully vested to employees at the time it is awarded. Vacation time does not apply to certified, classified except for secretaries, custodians and maintenance and supervisory personnel. All outstanding vacation time is payable upon resignation or retirement.

Long-Term Debt Obligations

In the District-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are treated as period costs in the year of issue and are shown as other financing uses.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources while discounts on debt issuances are reported as Other Financing Uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Retirement Plan

Substantially all employees are participants in the Oregon Public Employees Retirement Fund (OPERF), administered by the Oregon Public Employees Retirement System (OPERS). Contributions to OPERS are made on a current basis as required by the plan and are charged to expenditures / expenses as funded.

In addition, administrative, licensed, confidential, and classified employees are eligible for an early retirement stipend based on their contractual agreements.

The District also offers its employees a tax deferred annuity plan established pursuant to Section 403(b) of the Internal Revenue Code.

Post-Employment Health Care Benefits

Eligible classified who elected early retirement prior to July 1, 2007 and confidential employees hired prior to July 1, 2007 are entitled to payment of group medical insurance premiums. Such costs are recorded as expenditures in the General Fund and funded as premiums become due.

Net Position / Fund Balance

District-wide net position is divided into three components:

- Net Investment in Capital Assets—Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets and adjusted for any deferred inflows and outflows of resources attributable to capital assets and related debt.
- Restricted Net Position—Consists of restricted assets reduced by liabilities and deferred inflows or resources related to those assets, with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- Unrestricted Net Position—Net amount of assets, deferred outflows or resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

In the fund financial statements, governmental fund balances are classified in the following categories:

- Nonspendable—Amounts that cannot be spent either because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.
- Restricted—Amounts that can be spent only for specific purposes because of the District policy, state or federal laws, or externally imposed conditions by grantors or creditors.
- Committed—Amounts that can be used only for specific purposes determined by a formal action by School Board resolution.
- Assigned—Amounts that are designated by the Superintendent for a particular purpose but are not spendable until a budget ordinance is passed or there is a majority vote approval (for capital projects or debt service) by the School Board.
- Unassigned—All amounts not included in other spendable classifications.

The governing body has approved the following order of spending regarding fund balance categories: Restricted resources are spent first when both restricted and unrestricted (committed, assigned, or unassigned) resources are available for expenditures. When unrestricted resources are spent, the order of spending is committed (if applicable), assigned (if applicable), and unassigned.

Encumbrances

During the year, encumbrances are recorded in the accounting records when purchase orders are issued. The use of encumbrances indicates to District employees that appropriations are committed; however, all encumbrances expire at fiscal year-end.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting required management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenditures during the reporting period. Actual results could differ from those estimates.

Note 2 – Stewardship, Compliance, and Accountability

The District follows Oregon’s Local Budget Law (Chapter 294 of the Oregon Revised Statutes); the process under which the budget is adopted as described in the following paragraphs. A budget is prepared for each fund in accordance with the budgetary basis of accounting and legal requirements set forth in time Oregon Local Budget Law. The budgetary basis of accounting is substantially the same as the modified cash basis of accounting with the following features:

- Capital outlay expenditures are expensed when purchased and depreciation is not calculated,
- Debt principal is recorded as an expense when paid instead of a liability reduction, and
- Debt issuance costs are expensed when paid rather than amortized.

Budget amounts shown in the financial statements include the original and supplemental budget amounts and all appropriation transfers approved by the Board of Education. The appointed budget officer develops a proposed budget for submission to the budget committee. The operating budget includes proposed expenditures and the means for financing them for the upcoming year, along with estimates for the current year and actual data for the two preceding years.

After the proposed budget is prepared, the budget officer publishes a “Notice of Budget Committee Meeting” in at least one newspaper of general circulation. At the budget committee meeting, the budget message is delivered explaining the proposed budget and any significant changes in the District’s financial position. The budget committee meets thereafter as many times as necessary until the budget document is completed.

After approval by the budget committee and the required “Public Hearing” and prior to July 1, the budget is adopted by the Board of Education, and appropriations are enacted by resolution. The resolution establishes appropriations for each fund and expenditures cannot legally exceed these appropriations. Appropriations lapse at year-end. Consistent with Oregon Local Budget Law, expenditures are appropriated for each legally adopted annual operating budget at the following levels of control:

- Instruction
- Support Services
- Enterprise and Community Services
- Facilities Acquisition and Construction
- Other Uses (Interagency/Fund Transactions and Debt Service)
- Contingencies
- Unappropriated Ending Fund Balance

The Board of Education adopted the 2021-2022 budget on June 14, 2021 totaling \$60,511,689. The Board of Education adopted the 2022-2023 budget on June 13, 2022 totaling \$66,702,885.

Budgetary appropriations may not be legally over-expended except in the case of reimbursable grant expenditures and trust monies, which could not be reasonably estimated at the time the budget was adopted. After the original budget is adopted, the Board of Education may approve appropriation transfers between levels of control. There were two amended appropriations adopted by the Board of Education during the fiscal year under audit. After budget approval, the Board of Education may approve supplemental appropriations if any occurrence, condition or need exists which had not been anticipated at the time the budget was adopted. Expenditures of all the various funds were within authorized appropriations.

Note 3 – State Constitutional Property Tax Limits

The State of Oregon has a constitutional limit on property taxes for schools and non-school government operations. Under the provisions of the limitation, tax revenues are separated into taxes for the public-school system and taxes for local government operations other than the public-school system. Property taxes levied for the payment of bonded indebtedness are exempt from the limitation, provided such bonds are either authorized by a specific provision of the Oregon Constitution or approved by the voters of the District for capital construction or improvements.

During May 1997, Oregon voters approved Measure 50 which limits taxes on each property by reducing the "assessed value" of each unit of property for the tax year 1998-1999 to its 1995-1996 value, less ten percent. Then a "permanent tax rate", representing the product of dividing the tax levy by the assessed value, was calculated. The new tax rates are the permanent constitutional rate limit for each jurisdiction and are used to calculate property taxes levied against each property.

The District's permanent tax rate for the fiscal year ended June 30, 2022 was \$4.4537 per \$1,000 of assessed value.

Note 4 – Deposits and Investments

Deposits

The GASB has adopted U.S GAAP, which includes standards to categorize deposits to give an indication of the level of custodial credit risk assumed by the District at June 30, 2022. Oregon Revised Statute (ORS) Chapter 295 governs the collateralization of Oregon public funds and provides the statutory requirements for the Public Funds Collateralization Program (PFCP). The PFCP was created by the Office of the State Treasurer to facilitate bank depository, custodian and public official compliance with ORS 295. ORS 295 requires the qualified depository to pledge collateral against any public fund's deposits in excess of deposit insurance amounts. As of June 30, 2022, the total bank balances were \$1,976,744. The District maintains its funds at financial institutions deemed to be qualified depositories by the Office of the State Treasurer.

Custodial Credit Risk – Custodial credit risk for deposits is the risk that, in the event of bank failure, a government's deposits may not be returned to it. The District does not have a formal deposit policy for custodial credit risk.

Investments

The District invests funds in the Oregon Local Government Investment Pool (LGIP), which is an unrated external investment pool. The LGIP is included in the Oregon Short Term Fund (OSTF), which was established by the State Treasurer. OSTF is not subject to SEC regulation. OSTF is subject to requirements established in Oregon Revised Statutes, investment policies adopted by the Oregon Investment, and portfolio guidelines established by the OSTF Board. The Governor appoints the members of the Oregon Investment Council and the OSFT Board.

Custodial Credit Risk – State statutes authorize the District to invest primarily in general obligations of the US Government and its agencies, certain bonded obligations of Oregon municipalities, bank repurchase agreements, bankers' acceptances, certain commercial papers, and the State Treasurer's investment pool, among others. The District has no formal investment policy that further restricts its investment choices.

Concentration of Credit Risk – The District is required to provide information about the concentration of credit risk associated with its investments in one issuer that represent 5 percent or more of the total investments, excluding Investments in external investment pools or those issued and explicitly guaranteed by the U.S. Government. The District has no such investments.

Series 2002 Limited Tax Pension Bonds

On October 31, 2002 the District, through participation in the Oregon School Boards Association pool, issued Limited Tax Pension Obligation Bonds, Series 2002. The District issued these bonds to satisfy its estimated PERS Unfunded Actuarial Liability at December 31, 2000. The limited tax pension bonds were issued with the principal amount of the issue being \$11,366,647. The bonds carry an interest rate ranging between 2.06% and 6.10% and first payment was made on June 30, 2003. Principal amounts of the issue will be redeemed beginning June 30, 2004 with final coupon payment on June 30, 2028.

Series 2003 Limited Tax Pension Bonds

On April 21, 2003 the District, through participation in the Oregon School Boards Association pool, issued Limited Tax Pension Obligation Bonds, Series 2003. The District issued these bonds to satisfy its estimated PERS Unfunded Actuarial Liability at December 31, 2001. The limited tax pension bonds were issued with the principal amount of the issue being \$14,200,947. The bonds carry an interest rate ranging between 1.50% and 6.27% and first payment is due December 30, 2003. Principal amounts of the issue will be redeemed beginning June 30, 2004 with final coupon payment on June 30, 2028.

Series 2011 Limited Tax Pension Refunding Bonds

On August 11, 2011 the District issued Series 2011 Limited Tax Pension Refunding Bonds to partially defease the Series 2002 PERS Bonds. The District issued \$790,000 in bonds to defease \$755,000 of 2002 PERS bonds. The new bonds carry an interest rate of 4.115% compared with a rate of 5.50% on the defeased bonds. Both bonds required semi-annual interest payments and were/are due June 30, 2021.

General Obligation Bonds, Series 2014A and Series 2014B

On January 29, 2014 the District issued general obligation bonds of \$54,266,339. Proceeds were be used to construct two new elementary schools, renovate one elementary school as well as provide other district-wide improvements. These bonds carry interest rates ranging from 1.00% to 5.00%. First interest only payment is due December 15, 2014 and payment are to be made semi-annually thereafter. First payment of principal and interest is due June 15, 2016 the bonds mature through June 15, 2038.

General Obligation Refunding Bonds, Series 2019

On December 18, 2019 the District issued \$46,450,000 of General Obligation Refunding Bonds, Series 2019. The bonds were issued to advance refund \$40,470,000 of the District's General Obligations Bonds, Series 2014A. The Series 2019 bonds carry interest rates ranging from 1.836% to 3.183% as compared to the original rates, on the Series 2014A bonds, which ranged from 2.55% to 5.00%. The Series 2019 bonds require semi-annual interest payments as well as an annual principal payment with a maturity date of June 15, 2038. The District placed the net proceeds in an irrevocable escrow account, and purchased U.S government securities, to provide for all future debts service on the refunded portion of the Series 2014A bonds. As a result, approximately 96% of the remaining, outstanding Series 2019A bonds are considered defeased and the District has removed the liability from its financial statements. The outstanding principal of the defeased bonds is \$40,470,000 at June 30, 2020. The advance refunding reduced total debt service payments over the next 18 years by \$3,296,664

Note 7 – Pension Plan

A. Name of the Pension Plan

The Oregon Public Employees Retirement System (OPERS) is a cost-sharing multiple-employer defined benefit plan.

B. Plan Description

Employees of the School are provided with pensions through OPERS. The Oregon Legislature has delegated authority to the Public Employees Retirement Board to administer and manage the system. All benefits of the System are established by the legislature pursuant to ORS Chapters 238 and 238A. Tier One/Tier Two Retirement Benefit plan, established by ORS Chapter 238, is closed to new members hired on or after August 29, 2003. The Pension Program, established by ORS Chapter 238A, provides benefits to members hired on or after August 29, 2003. OPERS issues a publicly available Comprehensive Annual Financial Report and Actuarial Valuation that can be obtained at http://www.oregon.gov/pers/Pages/section/financial_reports/financials.aspx.

C. Benefits Provided Under ORS Chapter 238 – Tier One / Tier Two

- 1. Pension Benefits** – The OPERS retirement allowance is payable monthly for life. It may be selected from 13 retirement benefit options. These options include survivorship benefits and lump-sum refunds. The basic benefit is based on years of service and final average salary. A percentage (2.0 percent for police and fire employees, 1.67 percent for general service employees) is multiplied by the number of years of service and the final average salary. Benefits may also be calculated under either a formula plus annuity (for members who were contributing before August 21, 1981) or a money match computation if a greater benefit results. A member is considered vested and will be eligible at minimum retirement age for a service retirement allowance if he or she has had a contribution in each of five calendar years or has reached at least 50 years of age before ceasing employment with a participating employer (age 45 for police and fire members). General service employees may retire after reaching age 55. Police and fire members are eligible after reaching age 50. Tier One general service employee benefits are reduced if retirement occurs prior to age 58 with fewer than 30 years of service. Police and fire member benefits are reduced if retirement occurs prior to age 55 with fewer than 25 years of service. Tier Two members are eligible for full benefits at age 60. The ORS Chapter 238 Defined Benefit Pension Plan is closed to new members hired on or after August 29, 2003.
- 2. Death Benefits** – Upon the death of a non-retired member, the beneficiary receives a lump-sum refund of the member's account balance (accumulated contributions and interest). In addition, the beneficiary will receive a lump-sum payment from employer funds equal to the account balance, provided one or more of the following conditions are met:
 - The member was employed by a OPERS employer at the time of death,
 - The member died within 120 days after termination of OPERS-covered employment,
 - The member died as a result of injury sustained while employed in a OPERS-covered job, or
 - The member was on an official leave of absence from a OPERS-covered job at the time of death.
- 3. Disability Benefits** – A member with 10 or more years of creditable service who becomes disabled from other than duty-connected causes may receive a non-duty disability benefit. A disability resulting from a job-incurred injury or illness qualifies a member (including PERS judge members) for disability benefits regardless of the length of PERS-covered service. Upon qualifying for either a non-duty or duty disability, service time is computed to age 58 (55 for police and fire members) when determining the monthly benefit.

Note 7 – Pension Plan (Continued)

C. Benefits Provided Under ORS Chapter 238 – Tier One / Tier Two (Continued)

- 4. Benefit Changes After Retirement** – After Retirement Members may choose to continue participation in a variable equities investment account after retiring and may experience annual benefit fluctuations due to changes in the market value of equity investments.

ORS 238.360 monthly benefits are adjusted annually through cost-of-living changes. Under current law, the cap on the COLA in fiscal year 2015 and beyond will vary based on 1.25 percent on the first \$60,000 of annual benefit and 0.15 percent on annual benefits above \$60,000.

D. Benefits Provided Under ORS Chapter 238A – OPSRP Pension Program (OPSRP DB)

- 1. Pension Benefits** – The Pension Program (ORS Chapter 238A) provides benefits to members hired on or after August 29, 2003. This portion of OPSRP provides a life pension funded by employer contributions. Benefits are calculated with the following formula for members who attain normal retirement age:

General Service: 1.5 percent is multiplied by the number of years of service and the final average salary. Normal retirement age for general service members is age 65, or age 58 with 30 years of retirement credit. A member of the OPSRP Pension Program becomes vested on the earliest of the following dates: the date the member completes 600 hours of service in each of five calendar years, the date the member reaches normal retirement age, and, if the pension program is terminated, the date on which termination becomes effective.

- 2. Death Benefits** – Upon the death of a non-retired member, the spouse or other person who is constitutionally required to be treated in the same manner as the spouse, receives for life 50 percent of the pension that would otherwise have been paid to the deceased member.
- 3. Disability Benefits** – A member who has accrued 10 or more years of retirement credits before the member becomes disabled or a member who becomes disabled due to job-related injury shall receive a disability benefit of 45 percent of the member's salary determined as of the last full month of employment before the disability occurred.
- 4. Benefit Changes After Retirement** – Under ORS 238A.210 monthly benefits are adjusted annually through cost-of-living changes. Under current law, the cap on the COLA in fiscal year 2015 and beyond will vary based on 1.25 percent on the first \$60,000 of annual benefit and 0.15 percent on annual benefits above \$60,000.

D. Benefits Provided Under ORS Chapter 238A – OPSRP Pension Program (OPSRP DB) (Continued)

E. Benefits Provided Under the OPSRP Individual Account Program (OPSRP IAP)

- 1. Pension Benefits** – An IAP member becomes vested on the date the employee account is established or on the date the rollover account was established. If the employer makes optional employer contributions for a member, the member becomes vested on the earliest of the following dates: the date the member completes 600 hours of service in each of five calendar years, the date the member reaches normal retirement age, the date the IAP is terminated, the date the active member becomes disabled, or the date the active member dies.

Upon retirement, a member of the OPSRP Individual Account Program (IAP) may receive the amounts in his or her employee account, rollover account, and vested employer account as a lump-sum payment or in equal installments over a 5-, 10-, 15-, 20-year period or an anticipated life span option. Each distribution option has a \$200 minimum distribution limit.

- 2. Death Benefits** – Upon the death of a non-retired member, the beneficiary receives in a lump sum the member's account balance, rollover account balance, and vested employer optional contribution account balance. If a retired member dies before the installment payments are completed, the beneficiary may receive the remaining installment payments or choose a lump-sum payment.
- 3. Recordkeeping** – OPERS contracts with VOYA Financial to maintain IAP participant records.

F. Contributions

OPERS funding policy provides for monthly employer contributions at actuarially determined rates. These contributions, expressed as a percentage of covered payroll, are intended to accumulate sufficient assets to pay benefits when due. This funding policy applies to the OPERS Defined Benefit Plan and the Other Postemployment Benefit Plans.

Employer contribution rates during the period were based on the December 31, 2019 actuarial valuation, as subsequently modified by 2015 legislated changes in benefit provisions. The rates based on a percentage of payroll, first became effective July 1, 2021.

Employer contributions for the fiscal year ended June 30, 2022 were \$3,298,230, excluding amounts to fund employer specific liabilities. The rates in effect for the fiscal year ended June 30, 2022 were: Tier One/Tier Two General Service – 3.30% and OPSRP Pension Program General Service – 0.19%.

During the 2001-2002, 2002-2003, and 2010-2011 fiscal years, the District issued limited tax pension bonds, the proceeds of which were used to finance a portion of its estimated unfunded actuarial liability (see Note 6).

G. Changes in Plan Provisions During the Measurement Period

The Oregon Supreme Court on April 30, 2015, ruled that the provisions of Senate Bill 861, signed into law in October 2013, that limited the post-retirement COLA on benefits accrued prior to the signing of the law was unconstitutional. Benefits could be modified prospectively, but not retrospectively. As a result, those who retired before the bills were passed will continue to receive a COLA tied to the Consumer Price Index that normally results in a 2% increase annually. OPERS will make restoration payments to those benefit recipients.

OPERS members who have accrued benefits before and after the effective periods of the 2013 legislation will have a blended COLA rate when they retire.

This change in benefit terms were reflected in the current valuation.

H. Changes in Plan Provisions Subsequent to the Measurement Date

There were no changes subsequent to the June 30, 2019 measurement date.

Note 8 – Other Post-Employment Benefits (OPEB)

OPERS Retirement Health Insurance Account (RHIA)

A. Name of the Other Post-Employment Benefit Plan

The Retirement Health Insurance Account (RHIA) is a cost-sharing multiple-employer defined other post-employment benefit plan administered by OPERS.

B. Plan Description

Eligible retirees of the District are provided a monthly contribution toward the cost of Medicare companion health insurance premiums through RHIA. This trust fund is established by the Oregon legislature pursuant to Oregon Revised Statute (ORS) 238.420. The ORS Chapter 238 Other Post-Employment Benefit Plan is closed to new members hired on or after January 1, 2004. OPERS issues a publicly available financial report that can be obtained at http://www.oregon.gov/pers/Pages/section/financial_reports/financials.aspx.

C. Benefits Provided Under ORS Chapter 238.420 – Retiree Healthcare

- 1. Plan Benefits** – ORS 238.420 require that an amount equal to \$60 or the total monthly cost of Medicare companion health insurance premiums coverage, whichever is less, shall be paid from the RHIA established by the employer, and any monthly cost in excess of \$60 shall be paid by the eligible retired member in the manner provided in ORS 238.410. To be eligible to receive this monthly payment toward the premium cost the member must: (1) have eight years or more of qualifying service in OPERS at the time of retirement or receive a disability allowance as if the member had eight years or more of creditable service in OPERS, (2) receive both Medicare Parts A and B coverage, and (3) enroll in a OPERS-sponsored health plan.
- 2. Death Benefits** – A surviving spouse or dependent of a deceased OPERS retiree who was eligible to receive the subsidy is eligible to receive the subsidy if he or she (1) is receiving a retirement benefit or allowance from OPERS or (2) was insured at the time the member died and the member retired before May 1, 1991.

Note 8 – Other Post-Employment Benefits (OPEB) (Continued)

OPERS Retirement Health Insurance Account (RHIA)

D. Contributions

The Oregon PERS Board of Trustees sets the employer contribution rate. It is based on the annual required contribution (ARC) of the combined participant employers. This is an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a closed period not to exceed 30 years.

Employer contributions to RHIA for the fiscal year ended June 30, 2022 are included in the OPERS annual pension amount in Note 7. The rates in effect for the fiscal year ended June 30, 2022 were: Tier One/Tier Two – 0.53 percent and OPSRP Pension Program – 0.45 percent.

Post-Employment Health Insurance Subsidy

A. Name of the Other Post-Employment Benefit Plan

The District offers a single-employer retiree benefit plan that provides post-employment health, dental, vision, and life insurance benefits to eligible employees and their spouses.

B. Plan Description

The District's health insurance plan is provided through the Oregon Educators Benefit Board (OEBB). The plan offers eligible retirees health insurance coverage from the date of retirement to the Medicare availability age of 65.

C. Plan Benefits

Retired employees covered through the District's health insurance plan receive the implicit benefit of lower health care premiums subsidized by the premium costs for active employees. This benefit is known as an "implicit rate subsidy". The benefit relates to the assumption that the retiree is receiving a more favorable premium rate than they would otherwise be able to obtain if purchasing insurance on their own, due to being included in the same pool with OEBB's younger and statistically healthier active employees.

D. Contributions

The benefits from this program are paid by the retired employees on a self-pay basis and the required contribution is based on projected pay-as-you go financing requirements. There is no obligation on the part of the District to fund these benefits in advance and the District does not pay for any portion of the premiums for its retirees' health care.

Early Retirement Supplement Program

A. Name of the Other Post-Employment Benefit Plan

The District provides a single-employer defined benefit early retirement supplement program until the participants are eligible for full Social Security benefits.

B. Plan Description

The District provides an early retirement stipend for administrative, licensed, confidential, and classified employees. The stipend is available to licensed and classified employees hired prior to December 31, 2013 based on the collective bargaining agreement under which they retire, and administrative and confidential employees based on their contractual agreement. The District does not issue a stand-alone report for this plan.

The arrangement allows administrators to retire at age 51 after at least 10 years of service with the District, the last 5 years of which were in administration. Licensed employees may retire at the age of 51 after 19 years of service, at least 10 years of which must have been with the District. Confidential employees may retire at the age of 51 after 10 years with the District and classified employees may retire at the age of 51 after 10 years with the District and 20 years of OPERS employment.

C. Plan Benefits

The District will pay administrative early retirees a monthly benefit based on their last annual contract divided by the number of months until age 65, not to exceed that which is calculated for age 58. The licensed, confidential and classified employees will receive a monthly benefit ranging from \$255 - \$510 depending on their age at the time of retirement. All early retirees may elect to continue in the group medical, dental, and /or vision insurance coverage at their own expense. All payments under these programs terminate upon the employee's death. There are currently 62 employees receiving early retirement benefits.

D. Contributions

The benefits from this plan are fully paid and, consequently, no contributions by employees are required. There is no obligation to fund these benefits in advance. The only obligation is to make current benefit payments due each fiscal year. Consequently, it has not been found necessary to establish a pension trust fund, and payments are made on a pay-as-you-go basis each year out of the General Fund. Employer contributions for the fiscal year ended June 30, 2022 were \$336,453.

Tax Sheltered Annuity

The District offers its employees a tax deferred annuity program established pursuant to Section 403(b) of the Internal Revenue Code (the Code). Contributions are made through salary reductions from participating employees up to the amounts specified in the Code. No contributions are required from the District. As of June 30, 2022, approximately 105 employees were participating in the plan.

Note 9 – Fund Balance Reporting

The District has adopted GASB Statement No. 54. The intention of the GASB is to provide a more structured classification of fund balance and to improve the usefulness of fund balance reporting to the users of the District's financial statements. The reporting standard establishes a hierarchy for fund balance classifications and the constraints imposed on the uses of those resources.

GASB Statement No. 54 provides for two major types of fund balances, which are non-spendable and spendable. Non-spendable fund balances are balances that cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to remain intact. Examples of this classification are prepaid items, inventories, and principal (corpus) of an endowment fund. At June 30, 2022 the District did not have any fund balances that would be considered non-spendable.

In addition to the non-spendable fund balance, GASB Statement No. 54 has provided a hierarchy of spendable fund balances, based on a hierarchy of spending constraints as detailed in Note 1E.

The District has classified its fund balances with the following hierarchy:

Restricted for Local/State/Federal Grant Programs and Debt Service

Oregon State Statutes, granting agency requirements, and local ordinances require that certain revenues be specifically designed for the purposes of grant programs and debt service. The funds have been included in restricted category of fund balance. The restricted fund balances totaled \$2,643,226 and represented \$525,397 for debt service and \$2,117,829 in grant programs.

Assigned for School Operations, Student Activities, and Food Service

The School Board has set aside certain spendable fund balance for school operations and associated student body activities. At year end, the assigned fund balance is \$5,528,498 of which \$528,498 is for student fees and activities and \$5,000,000 for school operations. The assigned fund balance for school operations is for appropriation of existing unassigned fund balance at year-end to eliminate a deficit in 2022-23 fiscal year budget.

Unassigned

The unassigned fund balance for the General Fund is \$5,293,274. The unassigned fund balance for Other Governmental Funds is a deficit balance of \$794,243. This deficit balance is related to certain restricted grant programs in which disbursements exceeded receipts during the fiscal year ending June 30, 2022 and operate on a reimbursement basis.

Notes to the Financial Statements

Note 10 – Deficit Fund Balances

At June 30, 2022, the District had the following deficit fund balances in its non-major funds:

Fund #	Fund Name		
Fund 211	YTP Grant	\$	8,298
Fund 217	CTE Program Competative		10,398
Fund 220	ESSA Grant Fund		4,244
Fund 244	Title IVA Grant		13,441
Fund 253	Title I 2020-21 Grant		34,730
Fund 255	Title I 2021-22 Grant		200,317
Fund 257	ODE Summer Grant		4,581
Fund 260	TAPP Grant		72,992
Fund 271	21/22 & 22/23 LTCT		251,890
Fund 275	HB 3499 EI School Improvement		32,506
Fund 277	Title IIA 2021-22 Grant		8,380
Fund 278	Title IIA 2020-21		3,111
Fund 298	Measure 98 Student Success		149,355
	Total Deficit Fund Balances	\$	<u>794,243</u>

The deficits are a result of grant funds being spent prior to requested reimbursement funds being received and totaled \$794,243 at June 30, 2022. Future receipts to these funds should offset the deficits in the upcoming fiscal year. Cash borrowed from the General Fund offsets the deficits and is disclosed as “Due to Other Funds” in the Balance Sheet - Cash Basis.

Note 11 – Risk Management

The District is exposed to various risks or losses related to torts, theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters. The District purchases commercial insurance for all claims other than that represented by minimal deductible amount per loss. There have been no significant reductions in insurance coverage from coverage in prior years in any of the major categories of risk. Amounts of any settlements or claims have not exceeded insurance coverage in any of the past three years.

Note 12 – Contingencies

A substantial portion of operating funding is received from the State of Oregon. State funding is determined through state-wide revenue projections that are paid to individual school districts based on pupil counts and other factors in the state school fund revenue formula. Since these projections and pupil counts fluctuate, they can cause either increases or decreases in revenue. Due to these future uncertainties at the state level, the future effect on the operations cannot be determined.

The amount of grant revenue reflected in the basic financial statements is subject to audit and adjustment by grantor agencies, principally the federal government. Any costs which are questioned or recommended to be disallowed and which ultimately result in disallowed claims may become a liability of the General Fund.

Note 13 – Evaluation of Subsequent Events

In early March 2020, the COVID-19 virus was declared a global pandemic, and unfortunately the virus and its variants continue to mutate and spread. Continuity of the District operations, including timely payment of major revenue categories such as local property taxes and grant funding, health in citizens of the District and District key employees and potential state and federal governmental restrictions create an environment of uncertainty. Management and the Board of Directors are carefully monitoring any potential impacts the COVID-19 pandemic may have. No adjustments have been made to these financial statements as a result of this uncertainty.

The District has evaluated subsequent events through November 30, 2022, the date which the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT REQUIRED BY OREGON STATE REGULATIONS

To the Board of Education and Management
Pendleton School District #16R
Pendleton, Oregon 97801

We have audited the modified cash basis financial statements of Pendleton School District #16R (the District) as of and for the fiscal year ended June 30, 2022, and have issued our report thereon dated November 30, 2022. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the *Minimum Standards for Audits of Oregon Municipal Corporations*, noncompliance with which could have a direct and material effect on the determination of financial statements amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

We performed procedures to the extent we considered necessary to address the required comments and disclosures which included, but were not limited to the following:

- **Deposit of public funds with financial institutions (ORS Chapter 295).**
- **Indebtedness limitations, restrictions and repayment.**
- **Budgets legally required (ORS Chapter 294).**
- **Insurance and fidelity bonds in force or required by law.**
- **Programs funded from outside sources.**
- **Authorized investment of surplus funds (ORS Chapter 294).**
- **Public contracts and purchasing (ORS Chapters 279A, 279B, 279C).**
- **State school fund factors and calculation.**

In connection with our testing nothing came to our attention that caused us to believe the District was not in substantial compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the *Minimum Standards for Audits of Oregon Municipal Corporations*.

OAR 162-10-0230 Internal Control

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Restrictions on Use

This report is intended solely for the information and use of the Board of Education and management of the District and the Oregon Secretary of State and is not intended to be and should not be used by anyone other than these parties.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Education and Management
Pendleton School District #16R
Pendleton, Oregon 97801

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the modified cash financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Pendleton School District #16R (the District), as of and for the fiscal year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated November 30, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did

not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Education and Management
Pendleton School District #16R
Pendleton, Oregon 97801

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Pendleton School District #16R's (the District) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the fiscal year ended June 30, 2022. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the fiscal year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United State of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District.

Auditor's Responsibility for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on The District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about The District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding The District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of The District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of The District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal*

control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Notes to the Schedule of Expenditures of Federal Awards
June 30, 2022

Note 1 – Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (this Schedule) includes the federal grant activity of Pendleton School District #16R (the District) under programs of the federal government for the fiscal year ended June 30, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirement for Federal Awards* (Uniform Guidance). Because this Schedule presents only a selected portion of the operations to the District, it is not intended to and does not present the financial position, changes in net position, or cash flows of the District.

Note 2 – Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified cash basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Pass-through entity identifying numbers are presented where available.

Note 3 – Food Donation

Nonmonetary assistance is reported in this Schedule at the fair market value of the commodities received and disbursed. During the fiscal year ended June 30, 2022, the District received approximately \$106,372 in commodities passed from the United States Department of Agriculture through the Oregon Department of Education which is reported as follows:

<u>Federal CFDA #</u>	<u>Program</u>	<u>Amount</u>
10.555	National School Lunch Program	\$ <u>106,372</u>

Note 4 – Subrecipients

During the fiscal year ended June 30, 2022, the District did not provide any federal financial awards to subrecipients.

Note 5 – Indirect Cost Rate

The District has not elected to use the 10% de minimis cost rate as covered in §200.414 Indirect (F&A) costs of the Uniform Guidance.
