School Goals

Sunridge staff strive to connect and build positive relationships with all students. Students who have a positive relationship with an adult attend school more often, have minimal behavioral issues and ultimately perform better academically. Sunridge staff implement a social-emotional curriculum to support our goal of creating positive relationships between students as well as with adults. Sunridge staff implement literacy strategies across content areas. Additionally, literacy support classes are embedded into the school schedule for students who need additional support and instruction in reading.

State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2027. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

Our school personnel strive to ensure all students and families feel welcome at Sunridge Middle School. Customer service is a top-priority and our office staff go out of their way to greet all students and visitors warmly to continue to focus on sustaining our positive connection to our students and community. Being part of a warm and welcoming school community is critical to success: students must feel safe, valued and a sense of belonging. We know that supportive, responsive environments have tremendous benefits, including strengthening student engagement, increasing daily attendance, and building positive relationships.

About Our School

BULLYING, HARASSMENT, AND SAFETY POLICIES

To ensure a safe and nurturing school environment for everyone, our school utilizes an advisory program with lessons to focus on positive choices and minimize disruptive and negative behavior. We also utilize an anonymous online reporting system, SafeOregon, allowing students, staff, parents or community members the ability to report concerns. Our school community works with students and parents on a case-by-case basis to address conflict and mistreatment along with supporting students to learn how to interact appropriately in all school settings.

Track and Field (grades 6-8)
Volleyball (grades 7-8)
Wrestling (grades 7-8)
Art/Digital Art
Future Farmers of America (FFA)
Leadership
Sunridge Pow Wow

PARENT ENGAGEMENT

We believe that a partnership must exist between our parents and our school. We promote positive communication between the school and our students' homes. In order to facilitate positive communication, we offer an open house, parent-teacher conferences twice a year, an engaged and active Parent Club and encourage parent volunteers to help in the classroom, and in athletic and activity events.

COMMUNITY ENGAGEMENT

Sunridge has partnered with community partners in the support of many endeavors. Multiple community groups support our 6th grade Outdoor School program. Several local foundations have supported Sunridge Middle School financially through the granting of funds for the purchase of experiences and technology. Additionally, our local business partners have helped redesign and upgrade the school's wood shop program.
