School Goals

Goal #1 – Providing Instructional Excellence. McKay Elementary has developed a "What I Need" room designed for explicit and targeted instruction, implemented district-approved curriculum, and utilized innovative teaching practices and strategies in both reading and math. Goal #2 = Being Responsive to The Needs of All Students. McKay Elementary provides daily SEL instruction to all students and conducts regularly scheduled MTSS team meetings to ensure that we are meeting the needs of all students. The district implemented an updated SEL screener (DESSA) to ensure precise screening of our students.

State Goals

The Oregon Department of Education is partnering with school districts and communities statewide to reach a 90% on-time graduation rate by 2027. Anchored in the pillars of Academic Excellence, Belonging & Wellness, and Accountability, ODE prioritizes evidence-based strategies that strengthen early literacy, improve attendance, and deepen student engagement. We are committed to eliminating opportunity and achievement gaps for historically underserved students. By investing in culturally responsive practices, cultivating inclusive school environments, and fostering a culture of continuous improvement, we can help ensure every student thrives.

Safe & Welcoming Environment

McKay safety is continuously at the forefront of all decisions about our campus. We conduct monthly safety drills and continue to improve safety features in our building. We promote an, "I'm not scared, I'm prepared" stance any time we train our students. Our students belong to a Mustang family and are supported with a feel like home mind-set from staff. It is of utmost importance that our students and their parents/guardians feel comfortable and are a part of our team. We strive to ensure that all students and families feel welcome in our school and are greeted with excellent customer service at the door.
