

WHERE THERE IS ABA, THERE IS PBS.

Team PBS offers ABA therapy in both home and community settings to best fit the needs of our clients. We work with parents and other caregivers to produce quality of life changes that last!

WHAT IS ABA?

“ABA” stands for Applied Behavior Analysis. ABA therapy helps to increase desired behaviors and outcomes for families through a deeper understanding of behavioral functions. This functional based approach assists in reducing problem behaviors that may interfere with a person’s ability to develop new skills.

APPLY NOW:

Visit teampbs.com to fill out the online application today!
